

LA CO-OPÉRATIVE DE ST-LÉON LTÉE

BUILDING HISTORY

Photographs

Raymond Latowski was GM for 41 years from 1961-1999. The first year as GM Raymond visited all of the members of St. Louis Corp with a home on his collar. It has been said that Raymond, with his excellent management skills and his ability to sell merchandise, could probably sell snow in an Eskimo.

Raymond often said that public perception is that St. Louis Corp saved other Corvairs when it really those other Corvairs saved ours.
